

National Childcare Scheme (NCS)

Compliance Post Inspection Rectification Actions for Service Providers

Following a NCS Compliance Inspection, service providers will receive a Compliance Notification, via the Hive, alerting them to the availability of the inspection report and outcomes. For each check conducted the inspection report will outline the:

- final compliance outcome (Compliant/Non-Compliant),
- reason for outcome,
- required rectification action (if applicable) and
- details of any comments, claim corrections and/or calendar closure adjustments recorded on the day of the inspection.

For any compliance infringement identified which resulted in a non-compliant outcome, the service will be required to take rectification action on the issue identified and make a commitment to comply with the NCS requirements going forward. All rectification actions must be taken and reported on through the Hive within the required timeframe. This will be outlined within the report under the title 'Rectification Due Date'. All rectification actions will then be verified by Compliance and each non-compliant outcome will be determined as 'Rectified' or 'Not Rectified'.

Where a service fails to rectify a non-compliance outcome within the required timeframe¹, then a sanction is imposed i.e. withdraw/withhold of the Programme Support Payment (PSP). Where issues in relation to the adequacy of attendance records are not rectified, then in addition to the PSP sanction, a financial correction will also be applied i.e. zero or reduced hours of attendance applied to claims from the date of the compliance outcome notification to the date of the follow up visit, and/or ending of relevant claims.

The table below outlines all possible non-compliant outcome reasons and the relevant rectification action which will be required of the service to ensure no financial corrections and/or sanctions are imposed.
